

Chris Quigley Consultant, Alex Bedford, will be delivering some much needed inspiration on how to address the challenges of covering the curriculum rigorously and effectively... and it's in Ipswich too!

Click the image to visit the website

**Where: COPDOCK & OLD IPSWICHIAN
CRICKET CLUB, IP8 3JN**

**When: 16th October 2017
9.30am - 3.30pm**

Cost: £70

Essential Questions:

- Which parts of the National Curriculum could we help pupils to learn through continuous provision?
- How can we make this rigorous, manageable and inspiring?

This course will advance your understanding of:

- How continuous provision can be used to improve pupils depth of understanding in all areas of the curriculum.
- Age-appropriate continuous provision for Years 1 to 6.
- Lesson and weekly structures to allow for continuous provision.
- The nature of mastery learning.

The day will also explore some of the strategies we can use effectively to explore children's understanding, including how 'learning talks' and 'activity pokes' can be embedded in classroom practice.

For further information and to book a place, please contact...
