1:30-4:30

This course is a combination of teaching and training. You learn and rehearse techniques: How to avoid a meltdown, what to do if it happens and how you and the pupil can learn from the experience. Suitable for all school staff.

MANAGE THE **MELTDOWN** AND CREATE **CALM**

NLP techniques for managing difficult pupil behaviour

Communicate more effectively with pupils who have trouble dealing with their emotions and develop your influencing skills

Understand how and why the meltdowns happen

Manage your emotions and build your resilience

Set yourself and achieve positive outcomes in challenging classrooms
