Working Scientifically with Claire Seeley

Suitable for both
Teachers & TA's.

National Teaching School
designated by

National College for
Teaching & Leadership

www.primaryeast.co.uk

@PrimaryEastTSA

Overview

A practical course exploring each of the six enquiry types. Teachers will investigate strategies to develop child led enquiry in your classroom in a way that supports children to become independent decision makers.

Date/Venue

11th October 2018

1pm - 5pm

This session is being held at Carlton Colville Primary School

Facilitators

Claire Seeley has been a teacher for over twenty years in a wide variety of contexts including both inner city and rural schools. Alongside her continuing classroom practice, Claire is also a Primary Science Consultant, providing both a wide range of CPD and ITE courses across East Anglia. Claire is also hub leader for Primary Science Quality Mark where she has worked with a range of Suffolk schools and is the secretary of the Association of Science Education Primary Committee.

Cost

£65 per delegate

*(£50 if booked with
Assessing Primary Science)*
