

Primary East

Building Excellence in Education 

Emotional Regulation

- *Helping children understand and manage feelings*

For more detailed course information please visit the Alpha Inclusion website at www.alphainclusion.co.uk

National Teaching School
designated by

National College for
Teaching & Leadership

Overview

This training looks at ways we can help a young person understand different feelings- what they look like, sounds and the words we use. It also looks at developing strategies to help young people understand what they are feeling and support the development and use of their emotional vocabulary and expression.

Facilitators

This session is facilitated by Speech and Language Therapist Marina Kruger at Alpha Inclusion.
