

The Power of Coaching

This informative and practical half-day workshop is a great introduction to coaching; the theory and the practice. It examines how coaching can be used in schools and gives delegates some skills and experience to take away and apply in their own setting.

Key Learning Points

- What is coaching? What is not coaching? Defining coaching and examining its place in schools.
- How to get the most out of coaching; what is the potential impact and how can this be maximised?
- **Key theories**; a chance to unpick and try out some different approaches and coaching models.
- **Developing skills**; practising real-life coaching (not role play coaching!), reflecting on the experience and taking skills, knowledge and practical strategies back to your own schools.

Date: 11th October 2018 Time: 1.30-6pm

Venue: Barrow Primary School

Facilitator: David Barrett – certified OLEVI facilitator

Cost : £180
