Building Excellence in Education 

ADHD, Recognising and Supporting Colleagues for SENCO's

For info on the work carried out by the ADHD Foundation, please visit www.adhdfoundation.org.uk

National Teaching School
designated by

National College for
Teaching & Leadership

Overview

This session will share the latest research into supporting ADHD in schools. It's key features, diagnostic criteria comorbidities, executive functioning impairments and emotional dysregulation. This session will also cover the different presentations of ADHD including gender and strategies to support colleagues in the classroom including support for executive functioning, literacy, movement and activity.

Facilitators

This session will be facilitated by Colin Foley from the ADHD Foundation.
