

Primary East

Building Excellence in Education 

Assessing Primary Science with Claire Seeley

Suitable for
both Teachers
& TA's.

National Teaching School
designated by

National College for
Teaching & Leadership

www.primaryeast.co.uk

@PrimaryEastTSA

Overview

At this update on Assessing Primary Science, you will be shown how to use a range of FREE resources and simple strategies that can support teacher assessment. There will also be a session on practical moderation, where teachers will have the opportunity to practice their skills ready to implement them back at school.

Facilitators

Claire Seeley has been a teacher for over twenty years in a wide variety of contexts including both inner city and rural schools. Alongside her continuing classroom practice, Claire is also a Primary Science Consultant, providing both a wide range of CPD and ITE courses across East Anglia. Claire is also hub leader for Primary Science Quality Mark where she has worked with a range of Suffolk schools and is the secretary of the Association of Science Education Primary Committee.

Date/Venue

22nd October 2018

1pm - 5pm

This sessions is to be held at Carlton Colville Primary School

Cost

£65 per delegate
(£50 if booked with Working Scientifically)
