

Autumn 2018

Issue 13

Good morning,

The penultimate update of the year! I would imagine you are all up to your neck in pupil progress meetings, tinsel, glitter and tiredness, so I am keeping it short and sweet this week. Please keep sending me your SEND stories and case studies. I am happy to come out to school and meet with your SENCO if needed. You might like to read the attached press release from the ? Worth Less campaign.

Chartered Teacher Status

The Chartered College of Teaching – the professional body for teachers – is now accepting applications to join the next cohort of its Chartered Teacher Programme (CTeach). They are encouraging Headteachers and leaders to share with their colleagues and nominate teachers to take part.

Fantastic teaching is happening in classrooms across the country every single day. Chartered Teacher status recognises excellent teachers and their skills, knowledge and behaviours in delivering the best possible education for children and young people.

What's the programme about?

Whereas other CPD programmes may have leadership in mind, CTeach is focused on classroom practice. Over **14** months, teachers will undertake a range of assessments and learning to develop and showcase their knowledge and skills.

How can it benefit your staff?

Chartered Teacher Status celebrates high-quality teaching practice which can change lives. Participating in the programme can support the personal and professional development of your staff while also developing the knowledge of effective classroom practice.

It also benefits the whole teaching profession. Chartered Teachers are committed to supporting the development of other teachers – sharing their insight to foster a spirit of collaboration and learning across their school and beyond. At its heart is the drive to raise the status of the profession for current and future generations.

If you have a member of staff with at least three years of teaching experience who would benefit from the Chartered Teacher programme, encourage them to find out more. Visit chartered.college/chartered-teacher or email charteredteacher@chartered.college

Headteachers meeting with Suffolk MPs

This is planned for **Friday 15th February at 9.30am at Guildhall Feoffment Primary**- so far I have four headteachers who have committed to attending, we could do with 6 or 7 more. Please let me know if you are able to attend. I have heard back from four MPs (out of 7!),they are all checking their diaries!

CALLING ALL SCHOOLS IN THE WAVENEY AREA! LAST CHANCE BEFORE I TELL PETER ALDOUS THANK YOU BUT NO THANK YOU!

Peter Aldous, MP for Waveney has asked that we arrange a meeting in his area. Listed below are some dates he is available if you are able to offer a venue please do get in touch with me.

Friday 18th January anytime
Friday 25th January pm
Friday 1st February 12:00 onwards
Friday 8th February anytime

Ipswich Opportunity Fund – next round 7th January 2019 to 8th February 2019. This fund still has plenty of money to be allocated to schools. Don't miss out! Contact Eileen Allpress (eileen.allpress@researchschool.org.uk) for further details, support and guidance. Applications involving STEM work would be especially welcomed.

About Roadwise Education

For all primary schools in SPHA

We are passionate about providing teachers with the tools to teach road safety and would like to help your school too. Let me tell you a little about our 5alive Roadwise Primary Schools Project:

Click to see the whole-page review on page 97 in Teach Primary Magazine? - @TeachPrimary Magazine - <https://www.aceville.com/newmag/tp.pdf>
And here's more detailed information

The Project includes 4 lessons for every year from nursery - year 6 with different content for each year and can be used every year so children gain increasing knowledge and awareness of the road environment as they progress up the school.

What's included in our 5alive Roadwise Primary Schools Project?

BOOKLETS for teachers (each 28 pages)

Primary pack: 7 booklets Nursery/Reception, Year 1, Year 2, Year 3, Year 4, Year 5 and Year 6

Each Booklet has four main lessons (same titles but obviously with different content according to year)

- An awareness and knowledge of traffic and its environment
- A safe strategy for crossing the road
- Visibility (and our responsibility)
- An understanding of the meaning of traffic signs and symbols

Longer Project work (based on above) is also included and used when time permits.

PRINTED COPIES OF RESOURCE PAGES -Ready for use in interactive lessons - (over 250 sheets for full primary pack, saving time and hassle with everything ready for teachers) If 6 pages are required for group work, then 6 pages are included in Resource pack etc.

CD THE ROAD CROSSING SONG (for children Y1 and Y2 - although older children have enjoyed singing it too!)

DVD WITH VIDEOS FOR TEACHERS and POWER POINTS TO USE WITH CLASSES,

240 BOOKMARKS FOR CHILDREN with - The 5alive Code for Crossing the Road.

High Quality - we were finalists in the Education Resources Awards (2015) the first time that a road safety resource had ever featured in those awards.

Councils and Road Safety Officers have recommended our Project

It has government approval too!

Does a school have to pay for this Project?

Your school will probably include some basic road safety, now's your chance to upgrade to a high-quality comprehensive curriculum. Road safety is a subject that is often viewed as a minor - but vital part of the curriculum. It is sadly, often only after tragedy, that brings road safety into prominence - with everyone wondering what more could have been done by the school. We aren't able to offer our Project for free (we have to live) but we are offering our Primary pack of the 5alive Roadwise Primary Schools Project to you at a special price that is less than 86 pence per child*.

ONCE BOUGHT THE PROJECT CAN BE USED AGAIN AND AGAIN, YEAR AFTER YEAR. (the only items schools may wish to purchase again are the bookmarks and Printed copies of the Resource pages - saving time and hassle.)

COST: A one-off payment of £205.00 for a copy of 5alive Roadwise Primary Schools Project - Primary pack (this is a special price for schools in Suffolk and can

be used with voucher code SPHA 18 valid until 28th February 2019). Purchase can be on-line, BACS or cheque.

Cost of 1 Junior pack of the 5alive Roadwise Primary Schools Project is £160.00 and 1 copy of the Infant pack of the 5alive Roadwise Primary Schools Project is £150.00. Again, these prices are lower than the normal price and are valid until end February.

A comprehensive road safety curriculum that can be used again and again, year after year, helping children to be knowledgeable, safer and wiser in the road environment - all their way through school.

Look forward to hearing from you and receiving your order

JUST A REMINDER: The 5alive Roadwise Primary Schools Project is:

- For all ages Four main lessons for each year - Nursery to Year 6 - (same titles as above, but content appropriate for each year).
- Available as Primary, Junior or Infant packs
- Saves teachers time - everything prepared and easy to use. Great for busy teachers and a crowded curriculum.
- Road-user education - (road safety) - a subject in its own right - ready and prepared for teachers
- Combines other subjects within it

Friday 18th January 2019

SAVE THE DATE!

A one minute national day of action....(not sure what this will look like but save the date and live on the edge!)

Spring 2019 Conference

Make sure you put **Friday 22nd March 2019** in your diary now. It will be held at The Athenaeum in Bury St Edmunds The theme for this one day conference will be “ Making a little (£) go a long, long way”. Our keynote speaker is Rhona Tutt. Booking details will be circulated in the New Year with an extra incentive to bring a colleague

who has never attended a SPHA event! It will be buy place one get one free! We look forward to having a packed venue but keep your eyes peeled as there will be limited numbers.

My phone number will be changing from January 1st 2019, I can be contacted on 07879491093 from now, the old number will not be active in the New Year.

Worth a read!

I am pretty sure you don't have the time to read odd bits and pieces this week so I am saving them for the New Year! Watch this instead!
