Josie Sparkes is founder of the Dancing Sparkes dance school which is the result of her firstly graduating from the University of Surry with a BA Honours degree in dance and Culture where she was professionally trained in African, Ballet, contemporary and Kathak. Josie successfully performed at the 2012 Olympics in the closing ceremony and in 2016 she became a partner in the company A&M Mulitsports and Performing Arts who provide provision in schools. After working in over 25 different Primary, High and Special Needs schools in the local area in 2016 she gained a NATD (National Association of Teachers of Dancing) Contemporary qualification as well as an Acrobatic Arts qualification.

Cost:

£80 for 2x PM sessions

*A wealth of **professional expertise**, grounded in **evidence-informed practices** and supplemented by **research**, allows us to **move practice forward** through **reflection, consolidation and enrichment** to deliver **significant impact**.*

▷▷▷▷▷ **How to deliver fun, engaging & creative curricular dance lessons based around different topic subjects**

▷▷▷▷▷ **Previous Evaluation / Case-studies**

This is a brand new programme for Primary East in 2019/20 in response to the new Ofsted Framework.

▷▷▷▷▷ **Course overview**

This session will provide training to primary teachers in curricular dance, which is required within the new Ofsted Framework.

The course will enable teachers to create a 6 week dance plan which is relevant to current topic subjects being undertaken within the year. Training begins with looking at the benefits of dance as a form of Physical Education before moving on to dissect the topic subjects and form categories which can be formed in to a six week dance programme.

Each category will be formed to produce choreography which is relevant to the topic category, and will assist in shaping the programme as a whole. Dance vocabulary and techniques will be introduced as the training progresses, and as each method is introduced.

Format will consist of both powerpoint presentations and practical tasks. The practical tasks will be delivered in the same format as a curricular dance lesson, allowing teachers to participate in a lesson whilst receiving training simultaneously.

▷▷▷▷▷ **Intended Impact**

Teachers will be provided with a six week plan relating to the topic subject of Romans. The training plan will carry the teachers through the process of creating this six week plan, and allow them to apply it to other topics using the skills they have learnt.

Following the training, teachers will have a good understanding of how to structure and deliver a curricular dance programme.
