

Target Audience

Newly qualified teachers

Dates:

30th October 2019,

Location:

Stradbroke Primary School,

(A buffet lunch will be provided for all sessions)

Facilitators:

This session is facilitated by Mrs Katherine Minns & Miss Hannah Cragoe, Head of School at Laxfield & Senior teacher of Stradbroke Primary School. Both are extremely passionate about Maths and have a breath of experience to share.

Cost:

£90 per session or £345 for the whole series.

*A wealth of **professional expertise**, grounded in **evidence-informed practices** and supplemented by **research**, allows us to **move practice forward** through **reflection, consolidation** and **enrichment** to deliver **significant impact**.*

NQT Series – Session 2 MATHS

‘I’ve got the objectives, now what do I do?’

Previous Evaluation / Case-studies

- Bloom's taxonomy, resource ideas and research ideas worked well.
- Reasoning, odd one out, and questioning all worked well.
- Starters - designing and planning a scheme / topic using blooms taxonomy was really useful.
- Learning to not completely lose the plot if a lesson isn't going well, stop it and have a back-up was very useful.
- Relaxed, supportive atmosphere.
- Lots of discussion / sharing time, really relaxed feel with some excellent subject knowledge.
- Great ideas / strategies, ideas that can be used in a variety of ways.

Course overview

This session will consider how to effectively:

- Break areas of the National Curriculum into small steps.
- Recognise and plan to avoid misconceptions.
- Build in essential vocabulary to aid reasoning.

Intended Impact

NQTs will be able to develop their ability to plan a series of connected lessons, which ensure deep rather than surface learning takes place.

They will take away ideas that can be transferred into many different areas of maths.
